MEMORANDUM FOR: DDCI

FROM : NIO/USSR-EE

SUBJECT : Brzezinski Briefing

Herewith a copy of what I gave Brzezinski last Thursday. It's important to keep in mind that while this year's estimate takes recent developments into account, and our experience with Team B has led us to sharpen up some points, our conclusions about Soviet objectives for strategic forces have not really changed. We were plenty worried last year.

One difference: the 1975 conclusions were unanimous; in 1976 INR and the services have separate footnotes on either side of the DCI's position.
